

Models

Mod. Z250

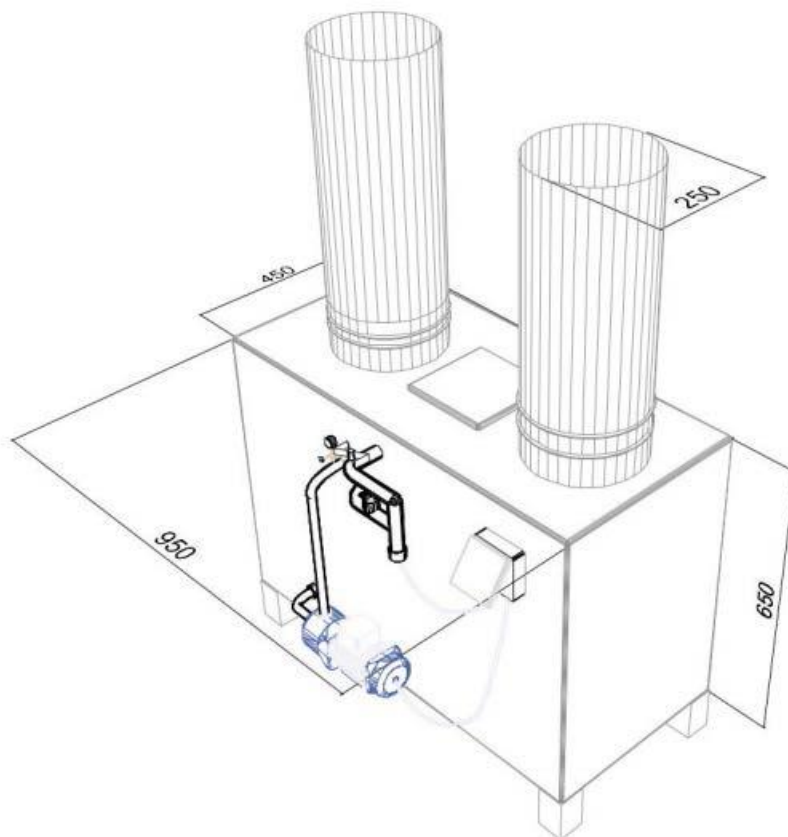

Soots and smells purification system for wood ovens with medium flow; ideal for pizzerias, dairies and small bakeries. It foresees the abatement soot to 97+%. CE Certificate and Machinery Directive. If necessary, can be added a forced air draft system.

Mod. Z300

Soots and smells purification system for wood ovens with high capacity; ideal for pizzerias with double wood oven, roasters, coffee roasters, bakeries and bracerie. If necessary, can be added a forced draft system.

Working case: Zapper Soots and smells purifier machine for 2 wood ovens. The particularity of this installation is that only with Zapper's machines he work without smoke flue.

All the soots coming from the two wood ovens pass through Zapper machine and comes out as cleaned air without smoke flue.

Total Dimensions W x D x H 95cm" x 65cm + 10cm" x 45cm + 20cm"

Weight (Empty) 75 Kg

Operating Weight 110 Kg

Water Tank Capacity 30L

Rated Voltage 1 Phase x 230V

Main Freq. 50 Hz

Rated Current 7 A

Rated Power 1 HP

Max Air Flow 500 CFM
